How to Rent Books from the UNM Bookstore Website

1. To determine if a book is available for rent (either in our store or on our website), you can go to the textbooks page, click “Shop Direct from the Bookstore,” read the information and click “Order My Course Materials” at the bottom of the page, or you can click our “Start Comparison Shopping” button.

2. Select your term, department, courses, and sections and then click “Choose Books” on the right side of the page.

3. You will now see all of the course materials for your courses and the new price, used price, and if available for rent the rental prices. If it is not available for rent, you will not see rental prices.

See the example below.

4. Select the “Rentals” and any “New” or “Used” purchases and click “Add Selected to Cart.”
